DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 7-14, 18-25, 30, 33-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 35, it is not clear if the oral insecticide is being claimed since the claim recites “, configured to support an oral insecticide...” and then refers to the oral insecticide as “said oral insecticide”. The claim should positively recite the insecticide by deleting “configured to support” in line 5 and inserting –supported by said at least one recessed groove—after “formulation” in line 6.
3. Claim 9 recites the limitation "said cylinder" in line 2. There is insufficient antecedent basis for this limitation in the claim.
4. Claim 10 recites the limitation "said cylinder" in line 2. There is insufficient antecedent basis for this limitation in the claim. In both cases, --said cylindrical body— would be correct. If the above changes are acceptable to applicant the undersigned examiner will make the changes by an Examiner's Amendment.

Allowable Subject Matter

5. Claims 7-14, 18-25, 30, 33-35 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

6. Applicant's arguments with respect to claims 7-14, 18-25, 30, 33-35 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
